

ProviderDirectoryAI (PDAI)

Provider **Millions of Provider Searches** with Confidence.

Accurate Provider Directories Are No Longer Optional, They're Essential

Members, injured workers, and insurance adjusters rely on provider directories to quickly find the right care. However, outdated directories often create barriers, increase costs, and risk compliance failures.

ProviderDirectoryAI (PDAI) changes that.

Trusted across more than 648 million care journeys, *PDAI empowers health plans and workers' comp organizations* to deliver trusted and reliable data to 51 million users every year.

ADD-ON CAPABILITIES TO ELEVATE YOUR DIRECTORY

PDAI IS MORE THAN A DIRECTORY; IT'S A FLEXIBLE, SCALABLE PLATFORM THAT GROWS WITH YOUR NEEDS:

Price Transparency: Equip members with clear, upfront cost estimates to encourage smarter, value-based care choices.

Health Tickets: Simplify scheduling and referrals with pre-approved, network-compliant options for injured workers and health plan members.

Panel Cards: Generate customized, real-time provider panel cards for employers and networks.

eReferral Portal: Accelerate referrals, reduce costs, and optimize networks within one seamless workflow.
